

# Youth Climate Summit

## Virtual Workshop Series

March 1<sup>st</sup>, 8<sup>th</sup>, 15<sup>th</sup>, and 22<sup>nd</sup>

3:30-5:30 PM

Attention Students  
Grades 7<sup>th</sup> thru 12<sup>th</sup>

You're invited to a unique opportunity to learn about climate change and how to advocate for your future. Join Audubon for a free virtual Youth Climate Summit workshop series to learn about climate science and create change in your school and community through a Climate Action Plan.

This is a chance for students to *discover* the latest on climate science and environmental action. Hear from guest speakers, such as *Brooke Bateman*, National Audubon Society's Director of Climate Science presenting on the latest Climate Science, and *Audubon New York's Policy Manager, Erin McGrath* introducing a training on advocacy.

Students will *network* with peers in the region, *learn* how to become active in the community and *participate* in local climate action.

## [Pre-Register HERE](#)

- Program Fee: **FREE**
- **Pre-registration is required**
- Open to ALL Middle and High School aged students in grades 7-12
- Additional program details will be provided upon registration.

The Youth Climate Summit is open to ALL school cohorts, afterschool and other extracurricular groups. We welcome individual students to attend as well.

**Join us and discover how you can make a difference for the future!**

*Funding for this program is made possible by a personal donation from Douglas Bloom.*
